1 & 2) BLACK OIL SUNFLOWER

Our most popular item. More energy per pound than the striped variety.

3) STRIPED SUNFLOWER

Preferred by some folks. The birds are non-committal.

4) SUNFLOWER CHIPS

Many prefer these to avoid the litter of the hulls. Highest energy per pound.

5) SAFFLOWER

The squirrels are not interested, but once the cardinals try it, they like it! So do the mourning doves. Start feeding this along with sunflower seed.

6) WASTE FREE MIX

Sunflower hearts, millet, peanuts & cracked corn with vegetable oil. No hulls!

7 & 8) FRUIT & NUT SUPREME MIX

Safflower seed, peanut hearts, sunflower seeds, wheat, white and red millet, and miloes.

9 & 10) WHISTLE STOP'S FAVORITE FANCY

Contains white and red millet, wheat, sunflower seeds and milo.

11, 12 & 13) NIGER "THISTLE"

A great favorite of the gold finches and pine siskins.

14 & 15) CRACKED & SHELLED CORN

An old standby for ground-feeding birds (and squirrels!).

16 & 17) SUET CAKES

We carry two kinds: one with mixed bird seed, and the other with peanuts, which the woodpeckers, chickadees, and nuthatches prefer.

FEEDERS AND ACCESSORIES

Over 25 styles of bird feeders together with other feeding accessories will be available at the Whistle Stop on the days of the sale at 25% off their regular prices.

Seed ordered after the deadline may be limited. If you have questions about the seeds and mixtures being offered, call Marlene Hoffman at (513) 461-9639.
